

MIRAI PACKAGING LLP

MASTER INDUSTRIAL PACKAGING & SPECIFICATIONS CATALOGUE

Mirai Packaging LLP is a premier manufacturer and converter of heavy-duty corrugated cartons, co-extruded courier flyers, industrial BOPP sealing tapes, sustainable honeycomb cushioning, storage racking systems, HDPE plastic crates, and industrial epoxy flooring solutions. Operating from Bengaluru, we service leading enterprise supply chains across India with zero-defect quality and guaranteed burst-strength specifications.

Corporate Head Office	1091, 8th Cross Road, Jai Marathi Nagar, Bengaluru – 560086
GSTIN Registration	29AAUFM9272M1Z2
Official Contact Phone	+91-9044129477 / Sales Desk
Email Enquiries	sales@miraiflexipack.in
Quality Assurance	ISO 9001:2015 / ASTM D4727 / IS 2771 Standard Compliance
Core Plant Facilities	Automated Corrugation Line, Co-Ex Extrusion, Rotary Die-Cutting, Epoxy Application

Trusted Packaging Partner to India's Enterprise Leaders

Client Brand	Industry Sector	Packaging Solution Deployed
PUMA India	Apparel & Footwear	Custom RSC Master Cartons + 60µ Co-Ex Mailer Bags
Ashok Leyland	Automotive OEM	7-Ply Heavy Duty Export Boxes + 29µ Stretch Film
Swiss Beauty	Cosmetics & Care	White Duplex Mailers + 10mm Air Bubble Cushioning
Urban Company	Home Services	Die-Cut Technician Kits + Laser Security Seals
Zepto	Quick Commerce	Express Courier Flyers + Polypropylene Picking Totes
Haldiram's	FMCG & Food	Moisture-Barrier Outer Cartons + Branded BOPP Tapes
Aditya Birla Fashion (ABFRL)	Multi-Brand Retail	60µ POD Courier Flyers + 5-Ply Master Shippers
Blackberrys Menswear	Men's Apparel	Self-Locking E-Com Mailers + Wardrobe Master Cartons

1. Master Corrugated Cartons & Die-Cut Boxes

Manufactured using high-BF virgin and semi-virgin kraft paper liners with precision corrugation flute profiles (B, C, E, BC, and AAA flute). Engineered for multi-tier warehouse pallet stacking and export shipments.

Parameter	Technical Specifications	Standard Reference
Ply Construction	2-Ply (Rolls), 3-Ply, 5-Ply, 7-Ply, 9-Ply Heavy Duty	IS 2771 / ASTM D4727
Paper Grammage (GSM)	120 GSM to 350 GSM Kraft / White Duplex Liners	High Burst Factor (16BF – 35BF)
Flute Profiles	B-Flute (3mm), C-Flute (4mm), E-Flute (1.5mm), BC (7mm)	Optimal Rigidity & Stacking
Printing Capability	Up to 4-Color Flexographic Printing / High-Gloss Offset	Eco-Friendly Water-Based Inks
Box Styles	RSC, Full Overlap (FOL), Die-Cut Self-Lock, Fruit Trays	FEFCO Standard Designs

2. Tamper-Evident Co-Ex Courier Bags & Poly Mailers

Multi-layer co-extruded polyethylene courier bags with high-strength hot-melt permanent self-adhesive seal strip. Tamper-evident closure ensures tears occur upon opening attempt, guaranteeing dispatch security.

Parameter	Technical Specifications	Industry Application
Film Thickness	40 Micron to 120 Micron Co-Extruded Polyethylene	E-Commerce Dispatch & Logistics
Closure System	Permanent Hot-Melt Adhesive Strip with Destructive Lip	100% Tamper Evident Guarantee
Features Available	Clear POD Jacket Pockets, Barcode Printing, Bubble Lining	Waybill & Return Labeling
Standard Sizes	6x8", 8x10", 10x12", 12x14", 14x18", 18x22", Custom	Fits Small Items to Apparel

3. Industrial BOPP Sealing Tapes & Security Tapes

High-tensile biaxially oriented polypropylene (BOPP) film coated with aggressive water-based acrylic or hot-melt adhesive. Engineered for automated carton sealing and tamper-proof security identification.

Specification	BOPP Tape Parameters	Performance Metric
Total Thickness	38 Micron to 65 Micron (Film + Adhesive Layer)	High Shear Resistance
Roll Width / Length	24mm, 48mm (2"), 72mm (3") / 50m to 1000m Industrial Rolls	Manual & Machine Applicators
Adhesive Type	High-Tack Water Based Acrylic / Hot Melt Synthetic Rubber	Temperature Range: -10°C to +60°C
Custom Branding	Up to 3-Color Rotogravure Printed Logo & Caution Warnings	Brand Protection & Anti-Theft

4. Sustainable Honeycomb Paper & Air Bubble Rolls

100% recyclable virgin kraft expanding honeycomb paper rolls and 2/3-layer laminated barrier air bubble rolls designed to replace plastic transit cushioning for delicate glass, electronics, and cosmetics.

Cushion Type	Technical Features	Eco & Protective Benefit
Honeycomb Paper	80 GSM Kraft Paper, 3D Interlocking Hexagonal Expansion	100% Biodegradable Plastic Alternative
Air Bubble Rolls	10mm & 25mm Jumbo Bubble Sizes / 40 to 150 GSM	High Shock Absorption Transit Wrap
ESD Pink Bubble	Anti-Static Surface Resistivity (10^9 to 10^11 ohms/sq)	Sensitive PCB & Semiconductor Safe

5. Heavy-Duty HDPE Plastic Crates & Storage Pallets

100% virgin HDPE stackable industrial storage crates with locking lids and heavy-duty steel reinforced plastic pallets for closed-loop automotive and warehouse logistics.

Product Range	Specifications & Dimensions	Load & Durability Rating
Storage Crates	600x400x325mm, 500x350x275mm with Hinged/Snap Lids	Stack Load: Up to 250 kg Total Stack
Plastic Pallets	1200x1000x150mm Standard ISO Pallets (Non-Reversible / Reversible)	Dynamic: 1.5 Ton Static: 5 Ton
PP Flute Totes	2.0mm to 10.0mm Polypropylene Hollow Sheet Conductive ESD Totes	50+ Trip Reusable Lifespan

6. Industrial Epoxy Flooring & Turnkey Fitout Execution

High-gloss resinous epoxy, ESD conductive flooring, and heavy-duty self-leveling floor hardeners for industrial plant floors, IT server rooms, and warehouse 5S safety line marking.

Execution Service	Technical Specification	Compliance Standard
Factory Floor Epoxy	1mm to 4mm Self-Leveling Resinous Coating / Polyurethane	Heavy Forklift Traffic Resistant
ESD Conductive Floor	10^6 to 10^9 ohms Electrical Resistance Grounded Grid	ANSI/ESD S20.20 Compliant
Turnkey Office Fitout	Executive Cabins, Glass Partitions, False Ceiling & Racking Infra	Complete Site Survey & Execution

7. Enterprise Ordering SLA, QC Assurance & Contact Directory

Mirai Packaging LLP enforces stringent Quality Control testing at every stage—from GSM grammage verification and bursting strength testing to drop tests and adhesion analysis.

Parameter	Policy / Capability
Minimum Order Quantity (MOQ)	Custom Boxes: 500 Units Plain Boxes: 100 Units Tapes: 1 Box (72 Rolls)
Sample Dispatch SLA	Free technical sample dispatch within 24–48 hours across Bengaluru & South India
Pan-India Delivery Network	Dedicated logistics fleet servicing Bengaluru, Chennai, Hyderabad, Hosur, Pune, Mumbai, & NCR
Testing Laboratory	In-house Bursting Factor (BF) Tester, GSM Scale, Box Compression Tester (BCT)
