

MIRAI PACKAGING LLP

MASTER INDUSTRIAL PACKAGING & PLANT SPECIFICATIONS CATALOGUE

Mirai Packaging LLP is a premier manufacturer and converter of heavy-duty corrugated cartons, co-extruded courier flyers, industrial BOPP sealing tapes, protective honeycomb & air bubble cushioning, heavy-duty HDPE crates, storage racking systems, and seamless epoxy floorings.

Operating from our advanced manufacturing facilities in Bengaluru, we serve enterprise supply chains across India with zero-defect ISO 9001:2015 quality standards and guaranteed bursting strength compliance.

Fig 1.1: Mirai Packaging Bengaluru Plant & Automated Storage Infrastructure

Corporate Head Office	1091, 8th Cross Road, Jai Marathi Nagar, Bengaluru – 560086
GSTIN Registration	29AAUFM9272M1Z2
Official Contact Phone	+91-9044129477 / Sales Engineering Desk
Email Enquiries	sales@miraiflexipack.in
Quality Certifications	ISO 9001:2015 / ASTM D4727 / IS 2771 / RoHS Compliant
Plant Manufacturing	Automated Corrugation Lines, Co-Ex Extrusion, Rotary Die-Cutting, Epoxy Works

Enterprise Clients & Packaging Deployment Matrix

Client Brand	Industry Sector	Packaging Solution Deployed
PUMA India	Apparel & Footwear	Custom RSC Master Cartons + 60µ Co-Ex Mailer Bags
Ashok Leyland	Automotive OEM	7-Ply Heavy Duty Export Boxes + 29µ Stretch Film
Swiss Beauty	Cosmetics & Care	White Duplex Mailers + 10mm Air Bubble Cushioning
Urban Company	Home Services	Die-Cut Technician Kits + Laser Security Seals
Zepto	Quick Commerce	Express Courier Flyers + Polypropylene Picking Totes
Haldiram's	FMCG & Food	Moisture-Barrier Outer Cartons + Branded BOPP Tapes
Aditya Birla Fashion	Multi-Brand Retail	60µ POD Courier Flyers + 5-Ply Master Shippers
Blackberrys Menswear	Men's Apparel	Self-Locking E-Com Mailers + Wardrobe Master Cartons

1. Heavy-Duty Corrugated Cartons & Die-Cut Boxes

Engineered with high-BF virgin & semi-virgin kraft paper liners. Suitable for multi-tier palletized storage and overseas export freight. Features B, C, E, BC, and AAA corrugation flutes for maximum stack load capability.

Parameter	Technical Specifications
Ply Construction	2-Ply Rolls, 3-Ply, 5-Ply, 7-Ply Heavy Duty, Octabins
Paper Grammage	120 GSM to 350 GSM Kraft / White Duplex Liners (16–35 BF)
Flute Profiles	B-Flute (3mm), C-Flute (4mm), E-Flute (1.5mm), BC Dual (7mm)
Box Styles	RSC, Full Overlap (FOL), Self-Locking Die-Cut, Telescopic

Fig 2.1: Heavy-Duty 5-Ply Corrugated Shipping Cartons with Multi-Color Flexo Printing

2. Tamper-Evident Co-Ex Courier Bags & Poly Mailers

Multi-layer co-extruded polyethylene mailers featuring high-tack hot-melt permanent self-adhesive lip. Designed with destructive seal lip for 100% tamper evidence during e-commerce & quick-commerce transit.

Parameter	Technical Specifications
Film Thickness	40 Micron to 120 Micron Co-Extruded Polyethylene
Closure System	Hot-Melt Security Adhesive Strip with Destructive Lip
Add-On Features	Clear POD Jacket, Barcode Printing, Bubble Cushioning
Available Sizes	6x8", 8x10", 10x12", 12x14", 14x18", 18x22", Custom Sizes

Fig 2.2: Co-Ex Courier Bags with Transparent Waybill POD Jacket & Security Adhesive

3. Industrial Printed BOPP Tapes & Security Sealing

High-tensile biaxially oriented polypropylene (BOPP) tapes coated with water-based acrylic or synthetic hot-melt adhesive. Customized with rotogravure logo printing for brand identity & theft prevention.

Specification	BOPP Tape Parameters
Total Thickness	38 Micron to 65 Micron (Film + Adhesive Layer)
Width & Length	24mm, 48mm (2"), 72mm (3") / 50m to 1000m Machine Rolls
Adhesive Type	High-Tack Acrylic / Hot-Melt (-10°C to +60°C Operating Range)
Branding	Up to 3-Color High-Resolution Rotogravure Logo & Caution Print

Fig 3.1: Heavy-Duty Industrial BOPP Packaging Tape Rolls & Custom Printed Security Tapes

4. Air Bubble Rolls & Eco Honeycomb Packaging Paper

High-shock protective packaging including 2/3-layer polyethylene air bubble rolls and 100% recyclable expandable honeycomb kraft paper. Replaces plastic wrap with sustainable 3D interlocking protection.

Cushion Type	Technical Specifications
Air Bubble Rolls	10mm & 25mm Jumbo Bubble Sizes / 40 to 150 GSM Density
Honeycomb Paper	80 GSM Kraft Paper, 3D Hexagonal Expansion, 100% Recyclable
ESD Pink Bubble	Anti-Static Resistivity (10^9 to 10^11 Ω/sq) for Electronics
Stretch Film	23 Micron Hand & Machine Pallet Wrap (300% Stretchability)

Fig 3.2: Multi-Layer Shock-Absorbing Air Bubble Rolls & ESD Anti-Static Pink Wrap

5. HDPE Industrial Plastic Crates & PP Flute Totes

Heavy-duty 100% virgin HDPE stackable storage crates, nestable containers, and PP flute totes engineered for automotive components, pharma distribution, and automated warehouse picking lines.

Product Line	Technical Features & Load Ratings
HDPE Storage Crates	600x400x325mm, 500x350x275mm (Stack Load: up to 250 kg)
Plastic Pallets	1200x1000x150mm Heavy-Duty (Dynamic: 1.5 Ton Static: 5 Ton)
PP Flute Totes	2.0mm to 10.0mm Conductive ESD Polypropylene Sheets (50+ Trips)

Fig 4.1: High-Density HDPE Industrial Storage Crates with Reinforced Stacking Lugs

6. Industrial Epoxy Resin Flooring & ESD Coatings

High-gloss resinous epoxy flooring, polyurethane mortar, and ESD conductive flooring designed for industrial manufacturing plants, cleanrooms, IT server facilities, and warehouse heavy forklift traffic.

Execution Service	Specification & Performance Metric
Resinous Epoxy Coating	1mm to 4mm Self-Leveling Resinous Coating / Polyurethane
ESD Conductive Floor	10^6 to 10^9 Ω Grounded Grid Resistance (ANSI/ESD S20.20)
Turnkey Office Fitout	Glass Partitions, Executive Cabins, Acoustic Ceiling & Racks

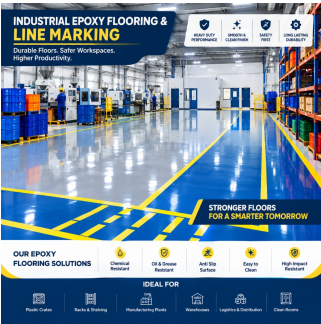

Fig 4.2: Seamless High-Gloss Industrial Epoxy Flooring Execution & 5S Line Marking

7. Quality Control Laboratory & SLA Procurement Matrix

Every batch manufactured at Mirai Packaging undergoes rigorous testing in our in-house QC laboratory. Tests include Bursting Factor (BF) evaluation, Box Compression Test (BCT), Cobb moisture test, and drop resistance analysis.

Parameter	Capability / SLA Standard
Minimum Order Quantity (MOQ)	Custom Boxes: 500 Units Plain Boxes: 100 Units Tapes: 1 Box (72 Rolls)
Sample Dispatch SLA	Free technical sample dispatch within 24–48 hours across South India
Logistics Network	Dedicated fleet serving Bengaluru, Chennai, Hyderabad, Hosur, Pune & NCR
